## Notes for editors

### South East Health Technologies Alliance

Founded in 2005, the **South East Health Technologies Alliance (SEHTA)** is now one of the biggest health technology networking organisations in the country. Since its inception, it has grown to **1300 members from 20 different countries**. SEHTA provides significant support to companies, universities and public and private health providers through publicly-funded resources and programmes and private consultancy services. SEHTA has built excellent relationships with Academia, Business and Care/Clinicians and it sees itself in a unique position as the interface between them. The company has particular expertise in digital health.

### Beyond Laboratory

Beyond Laboratory Ltd (Beyond Lab), was established in 2014 and aims to build a bridge between companies in the UK and Chinese investors. Different to other investment agents, Beyond Lab is a UK company created by scientists for scientists. We focus on the medical/health related sectors including Life Sciences, Medical technology and devices, Healthcare and Pharmaceuticals. Our expertise includes Cancer Research, Diabetes, Neurosciences and Healthcare Software Solutions. We bring the British companies and Chinese investors together and help them to build up a long-term, win-win business partnership.
