

Joanne Jenkins - Finance and Project Manager

Joanne Jenkins joined SEHTA in February 2010 to provide financial and project management expertise to the ICE-T (International Centre of Excellence in Telecare) project. Joanne's most recent roles as Portfolio Director for the Surrey Enterprise Hub, and Community of Innovation Manager for the W Surrey & NE Hants Innovation & Growth team, have focused on helping technology and knowledge-based companies commercialize ground-breaking ideas through the provision of one-to-one intensive business support; investment readiness preparation; access to funding and grants; collaboration opportunities with sector consortia, universities, and other business support organizations; peer-to-peer networking; supply chain and open innovation opportunities. Joanne's background in the IT sector has involved managing several programmes and projects and designed to improve the effectiveness of organizations and to facilitate their bringing new products to market.
